of health, to close up the street or streets in front of and surrounding the said building or premises, city block or blocks, or squares of ground and to prohibit the residents and inhabitants thereof or other person or persons, except under such rules and regulations as may be prescribed by the health commissioner and approved by the board of health, from passing in or out, to and from, said building or other premises, city block or blocks, or squares of ground until said building or other premises, or one or more city blocks or squares of ground, shall have been fumigated and disinfected and said infection shall have ceased or the health commissioner or board of health shall order the restriction removed.

SEC. 805. No person shall, within the city, without a permit from the health commissioner, carry or remove from one place to another any person sick of any malignant, infectious, or contagious disease. Nor shall any person by any exposure of any individual sick of any such disease, or of the body of such person, or by any negligent act connected therewith or in respect of the care or custody thereof, or by a needless exposure of himself, cause or contribute to or promote the spread of disease from any such person or from any dead body.

SEC. 806. *Sprinkling of clothing.*—The sprinkling of any clothing, in the course of laundering, by blowing water from the mouth upon such clothing is prohibited.

SEC. 807. Whenever any person, residing in any building or other premises conducting therein any grocery, bakery, dairy, confectionery, fruit store, restaurant, cigar store, dry goods or clothing store, or any business where any article or articles for food or any dry goods or clothing is sold, has any malignant, infectious, or contagious disease, or when any member of such person's family residing in such building or premises has any such disease, then the sale of any food products, tobacco, dry goods, or clothing in any such business of such person in the said building or other premises is prohibited until the disease is terminated or the person has been removed from said building or other premises and the building or other premises has been fumigated or disinfected under the direction of the health commissioner.

SEC. 808. *Duty of police department to give notice.*—It shall be the duty of the police department whenever or wherever they, in their judgment, consider or believe any malignant, infectious, or contagious disease to exist to notify the health commissioner of such fact, and also to assist the health commissioner or his officers or employees, whenever called upon so to do, while in the discharge of their duties, by virtue of the provisions of this ordinance.

SEC. 809. *Penalty.*—Any person who violates, neglects, or refuses to comply with or resists any of the provisions of this ordinance, or who interferes with, hinders, or obstructs the health commissioner or his officers or employees in the exercise of their authority, or duties, as prescribed by this article, shall be deemed guilty of a misdemeanor and upon conviction thereof be fined not less than \$5 nor more than \$100. [Ordinance adopted July 26, 1910.]
